

## **AMERICAN AIRLINES STATEMENT**

American Airlines has filed a protest against the issuance of a liquor license to Rick's Cabaret because an establishment of this kind within close proximity to American Airlines headquarters and DFW Airport poses a threat to the general welfare and safety of employees and passengers at the airport. This establishment will cause an immediate increase in the amount of alcohol and traffic related incidents. Further, the activities that will take place at Rick's Cabaret have no place in the Centerport business community that is home to American's headquarters.
