RE: Case Number A-13-001 – 772 Apple Lane, Danville, VA 24540

Dear Mr. Walters:

I am rescinding my decision regarding your client's retail sales establishment as directed by the Pittsylvania County Board of Supervisors. Your client's retail sale establishment will be legally grandfathered and allowed to continue its operation. Additionally, if your client notifies me in writing as required by Pittsylvania County Zoning Ordinance, Section 35-852, that she desires to withdraw her Appeal Case Number A-13-001, I can refund your client's appeal fee and remove the appeal from the Board of Zoning Appeal's agenda for September 10, 2013.

Pittsylvania County is presently working on a zoning ordinance amendment to bring the county in compliance with Constitutional laws regulating adult stores. Any future adult stores will need to comply with the zoning ordinance amendments approved by the Board of Supervisors.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Odie H. Shelton, Jr.", is written over the printed name.
